#1 Butler and #2 Blinn Kick Off 2008 Season with Clash of Champions

COLORADO SPRINGS, Colo. --- The 2008 NJCAA football season can not begin much better than a clash between its two most recent national champions. Wichita's Cessna Stadium (Kansas) will be the site for one of the best NJCAA season openers in many years as 2007 co-national champion **Butler Community College** (Kan.) hosts 2006 national champion **Blinn College** (Texas) on August 28th.

To make it even more interesting, Butler and Blinn enter the season ranked No. 1 and No. 2, respectfully, in the 2008 NJCAA / JC Football.com Pre-Season Top 25.

The Grizzlies of Butler have won seven consecutive Kansas Jayhawk Community College Conference titles and head coach Troy Morrell is 85-10 (.894) in just eight seasons with the program and has taken home four KJCCC Coach of the Year awards.

More importantly, Butler has won five national titles, including last season's split title with Mississippi Gulf Coast Community College.

Morrell returns five starters from a defense that shutout four opponents in '07 and at one point last season did not allow a single point for 15-straight quarters. On offense the Grizzlies return offensive lineman Erik Dahl, a second-team All-American last season, and quarterback Press Taylor.

After winning the 2006 national title with an 11-0 record, the Buccaneers of Blinn College went 7-3 last season, which ended with back-to-back losses to Navarro College, Texas (last regular season game and opening round of conference playoffs).

Bucs head coach Brad Franchione, who is 26-6 (.812) in three years at Blinn, returns six starters on both offense and defense. Quarterback Terrance Cain, a Honorable Mention All-American last year, will lead the offense again for the Bucs. Cain's 71.1 percent completion rate set a NJCAA record last season.

Plenty of talent returning in '08

The NJCAA / JC Football.com Pre-Season Top 25 has many familiar names toward the top, as '07 Co-National Champion **Mississippi Gulf Coast**, **Snow College** (Utah), **Georgia Military College** and **Navarro College** (Texas) round out the top six and were all participants in NJCAA bowl games in '07. The three teams return 37 starters from last season combined.

Other pre-season favorites welcome back plenty of starters as well. **Jones County Junior College** (Miss.) has 11 total players returning from '07 and **Rochester Comm. & Technical College** (Minn.) gets back 15 players off last year's undefeated squad.

Keep an eye on...

Eastern Arizona College and **Itawamba Community College** (Miss.) -- Both had great seasons last year but didn't get as much attention as other teams due to the timing of their losses. Eastern Arizona started out '07 with a 9-0 record before falling to Glendale Community College (Ariz.) and Snow. The Gila Monsters had the nation's best rushing offense last season (337.8 yds/game) and return 13 starters for their '08 campaign.

Itawamba, the only Mississippi to qualify for its conference playoffs each of the last four years, returns 14 starters from last season's team, which won the North Division of the Mississippi Assn. of Comm. & Junior Colleges. The North Division of the MACJC has had a tough time winning the conference due Southern Division powers Pearl River Community College and Mississippi Gulf Coast. However, with the talent Itawamba returns, especially '07 All-American defensive end Pernell McPhee, the Indians have a chance to win their first MACJC title since 1990.

Three New Bowl Games for 2008!

The NJCAA is very excited for the addition of three new postseason bowl games for 2008.

The new North Star Bowl (name subject to change) will feature two games to be held at UCR Regional Stadium in Rochester, Minn., on November 22. The first game will have the No. 2 team from the Minnesota Community College Conference go against an at-large team, while the feature game will have the MCCC Champion challenge another at-large team.

The Mississippi Bowl will take place on December 7 at Indian Stadium in Biloxi, Miss. The game will feature the champion of the Mississippi Assn. of Community & Junior Colleges against an at-large opponent.

Conference predictions based on voting done by each college via survey distributed by the NJCAA.
